Dear National Flood Insurance Program Stakeholders:

In advance of publication of the newly revised *Mandatory Purchase of Flood Insurance Guidelines* booklet (FEMA 186) an electronic version of this document is provided on the FEMA website: www.fema.gov/library/viewRecord.do?id=2954.

A "*Highlights of the 2007 Edition*" has been included in the document for your convenience.

Printed copies will also be available for ordering through the FEMA Distribution Center in early December 2007. At that time, a notice will be posted on the FEMA website announcing its availability. As it has been in the past, there will be no charge for the booklet.

I would also like to thank the many National Flood Insurance Program stakeholders that assisted FEMA on the update and revision of the *Mandatory Purchase of Flood Insurance Guidelines*. I appreciate your continued efforts to ensure property owners purchase and retain flood insurance coverage to protect their homes and businesses from financial ruin in the event of flooding.

Sincerely,

A handwritten signature in black ink, appearing to read "David Maurstad".
