MEMORANDUM FOR: Write Your Own (WYO) Principal Coordinators and the
National Flood Insurance Program (NFIP) Servicing Agent

A handwritten signature in black ink, appearing to read "Dennis Kuhns".

FROM: Dennis Kuhns
Division Director
Risk Insurance Division

SUBJECT: NFIP Reauthorization

On Monday, September 26, 2011, the Senate approved a continuing resolution (CR) that includes a provision reauthorizing the National Flood Insurance Program at least through November 18, 2011.

The House met Thursday in a pro-forma session to approve and send to the President a four-day stopgap measure to avoid any disruption Friday night when the current budget year ends. The House has scheduled votes Tuesday on the larger Senate-passed CR running through November 18, 2011.

We will keep you apprised of relevant developments on the reauthorization as they occur.
