MEMORANDUM FOR: Write Your Own (WYO) Principal Coordinators and the National Flood Insurance Program (NFIP) Servicing Agent

A handwritten signature in black ink, appearing to read "Dennis L. Kuhns".

FROM: Dennis L. Kuhns
Division Director
Risk Insurance Division

SUBJECT: Addendum 3 to the June 1, 2014, Program Changes

This memorandum provides updated information for the June 1, 2014, Program Changes bulletin (W-13070) and its Addendum (W-14001). This Addendum provides revised deductible factors in Rating section Table 8B – Deductible Factors, for single-family and 2-4 family buildings with both Coverage A and Coverage B (building and contents). Additional updates are shown in red text.

In addition, FEMA is delaying the requirement for insurers to send a notice to policyholders concerning duplicate coverage. In W-13070, FEMA required that for all policies with a policy expiration date on or after June 1, 2014, at least 90 days prior to the policy expiration date, insurers must send a notice to the insured and agent for all policies covering residential and non-residential buildings where duplicate coverage is indicated. FEMA then provided reports identifying such policies. Because the number of potential duplicate policies identified on the reports is much larger than anticipated, FEMA is changing this requirement to apply to all policies with a policy expiration date on or after October 1, 2014. We will continue to make the monthly reports available so that insurers can continue to address the policies noted.

Please use this updated information when processing your system changes effective June 1, 2014.
