This 2-hour workshop is designed to help the Insurance Professional understand the National Flood Insurance Program.

Do you know how many of your clients were protected by flood insurance this past year? How many of them suffered uninsured flood losses? How many will not be insured this year?

Are you uncertain of the rules and regulations for flood insurance? Unsure of exactly how to write a policy? Are you aware of your E&O exposure if you don't? Do you know where to go for all the information needed?

No matter whether you are an NFIP novice or an experienced writer of flood insurance, these seminars will provide you with a beneficial understanding of how to effectively interact with the NFIP. All agency and company personnel are urged to attend.
